Why Choose HIP Plus?

This Medicaid plan for working-age adults offers more for less money than HIP Basic.

Am I Eligible?

-  Age (19-64 years old)
-  Number of people in your household
-  Gross income
-  U.S. citizen or resident
-  Not eligible for Medicare or other Medicaid plan

HOUSEHOLD SIZE	*MONTHLY INCOME FOR HIP PLUS ELIGIBILITY

2	\$2,351
3	\$2,969
4	\$3,588
Each additional person add:	+\$618

How Much Is It?

HIP Plus members must make monthly payments anywhere between **\$1-20**. The payment amount is based on household income and number of people in the home.

EXAMPLE 1:

A single adult living in a homeless shelter has no income. His monthly payment is \$1, the amount for people earning 0-22% of Federal Poverty Level (FPL).

EXAMPLE 2:

A married couple with two children earn a total of \$2,600 a month. Their income is 100% of the 2024 FPL, so their total monthly payment is \$15.

BIG PAYBACK

Contributing monthly pays off big. For anywhere between \$1-\$20 a month, HIP Plus members get more benefits (add in vision, dental, and chiropractic) and pay zero costs for approved health care providers and prescriptions.

HIGH HURDLES

If HIP Plus members can not submit their payment, see these brochures for more information: [How Do I Keep HIP Plus?](#) and [How Can I Help HIP Members?](#)
